VOLUME CVIII.--NO. 86. ALEXANDRIA, VA., WEDNESDAY EVENING, APRIL 10, 1907. PRICE 2 CENTS.

NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

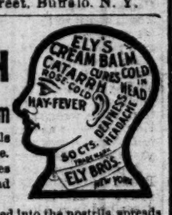
Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

To gain knowledge of your own body—its sickness and health—send for the People's Common Sense Medical Adviser. A book of 1008 pages. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Nasal CATARRH

In all its stages.

Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

ELY BROTHERS, 56 Warren Street, New York

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

YESTERDAY'S STORM.

The worst storm that has been witnessed in that section in many years swept Hampton Roads, the lower Chesapeake and the James river during Monday night and early yesterday morning working considerable damage to shipping. The Norwegian steamship George Pyman collided during the night with the schooner George P. Hudson, carrying away considerable of the latter's rigging. During the night, as the fury of the gale increased, the Pyman dragged her small anchor, having lost her heavy one in Hampton Roads, and was blown to Point Breeze, where she was carried high on the beach in only four feet of water. The tug George Clark towed an unknown schooner flying distress signals into Hampton Roads yesterday afternoon. The schooner was picked up in the bay. Two yawls and a steam launch of the battleship Connecticut were carried adrift. Seamen in another of the battle ships' launches soon picked up the yawl, but the stray launch was sent scudding out toward sea, and the sailors had a lively chase capturing it near Lynn Haven Inlet. Several schooners in the harbor at Newport News dragged anchor and were beached. The D. Corson was sent down the harbor from the upper James as though she had no anchor. The gasoline schooner Catherine was beached. About two hundred small sail and row boats were sunk along the banks of the river. They were the property of oystermen and fishermen. The ferry steamer Van Sciler ran ashore at Pine Beach while attempting a landing. The palatial steam yacht Lady Evelyn is jammed in between pier F and the U. S. transport Ingalls. Large steamers and schooners were tossed about on the river as though they were only two masters. It is estimated that the wind blew from eighty to ninety miles at times during the night.

Dispatches from Boston show that New England was the center of a severe storm yesterday which created havoc with telegraph and telephone wires, steam and trolley lines, besides tying up the shipping. At 10 o'clock last night the barometer read 28:86, which is within eight one-hundredths of the low record. No shipwrecks have been reported. Snow fell heavily all yesterday afternoon. The wind attained a velocity of fifty miles an hour at several points along the coast, and several places report that the snowstorm was accompanied by deep thunder.

Watch for the transparencies of Argo Red Salmon in your grocer's window. Sold at 15c a can and no better Salmon packed at any price.

Death from Hydrophobia.

Three hundred and forty passengers on the Norwich line steamboat, Chester W. Chapin, which arrived at New York yesterday, were kept in a state of terror throughout the night trip by the ravings of a man in the last stages of hydrophobia. Few of them attempted to sleep, and Captain Griffin and his men had all they could do to preserve order on the boat.

The passenger who was suddenly seized with the malady was James J. Clark, superintendent of a large cotton mill at Jewett City, Conn. In charge of relatives and his physicians he was on his way for treatment at the Pasteur Institute in New York. Cook was in the frenzy of convulsions. He barked and snarled and shouted in agonized tones that could be heard plainly throughout the boat. The united efforts of Clark's brothers and cousin and Dr. Holmes were required when the spasms seized him. He fought them with almost superhuman strength, and the stateroom was wrecked during the long struggle, which ended in the man's death.

Clark was bitten on the hand by a pet Irish setter at his home in Jewett City, the latter part of January. At the same time his mother was bitten, also, and now it is feared that she may fall a victim to rabies.

Bomb Explosions in Barcelona.

There has been for some time almost an epidemic of bomb explosions in Barcelona, Spain, causing isolated injuries and much alarm. It has seemed that in most cases the perpetrators were actuated by mere devilish mischief, bombs with time fuses having been placed, apparently aimlessly, in houses, on staircases, and elsewhere, regardless of who might be made victims.

One exploded Monday night in Calle Boqueria, blowing a priest's leg off, injuring four other passers-by, and shattering a number of windows. Later in the evening another bomb burst in the street, injuring a bicyclist. Another had exploded harmlessly the same morning. Details cannot be obtained, as the local officials are censoring telegrams.

The long-growing popular alarm in Barcelona has now become a panic, everybody feeling himself a possible victim. Some arrests have been made, but the authors of the outrages have not been found.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Complies with all requirements of the National Pure Food Law. Guarantee No. 2041, filed at Washington.

"We dined in some of the finest hotels and restaurants, but did not find any coffee to excel in quality Arbuckles' ARIOSA."

That is what one lady writes and millions of others prove they believe, by using more Arbuckles' ARIOSA Coffee than all the other packaged coffees in the United States put together.

The fact that Arbuckles' ARIOSA Coffee costs less and has suited the health and taste of most American people for over 37 years, ought to induce everybody to at least sample it.

The cities hide many country girls and boys who secretly sigh for a cup of good coffee like "mother" made. "Mother" probably used the old original "Arbuckles'" the first roasted packaged coffee.

See that you get the sealed package, one pound full weight, bearing the name ARBUCKLES' ARIOSA COFFEE and the signature of Arbuckle Brothers, which entitles you to presents.

That is the genuine article, no matter where you buy it or what price you pay for it.

Same old Coffee, same old firm.

If your grocer won't supply, write to

Orders Road Extension.

After hearing the matter argued by counsel for the Winchester and Strasburg Railroad, the corporation commission in Richmond yesterday ordered that the road build and operate a line into Strasburg by November 1.

Some weeks ago the commission decided that under the charter of the road it should operate a line into the city. This order was contested in the Supreme Court by the railroad. The Supreme Court amended the order in the matter of time allowed for the construction of the road.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

WEDNESDAY EVENING, APRIL 10, 1907

AN international trust, covering the price and distribution of Bibles and marked by many of the methods already familiar to the public through the Standard Oil and sugar trust exposures, has its American headquarters in the Bible House, opposite Cooper Union, New York. The American Bible Society, founded 91 years ago, is the American branch of the combination. Though it disclaims, with the other members of the pooling agreement—the British and Foreign Bible Society and the National Bible Society of Scotland—any intent of commercialism, the combination since its formation has resulted in the extinction of hundreds of local Bible societies, the absorption of hundreds of others and an increase of the price of Bibles to American purchasers, whether booksellers or those wishing to give a wider circulation to the Scriptures through religious motives. The trust business, it would now seem, has about reached its limit.

THE Pennsylvania Railroad Company announces that if necessary to prevent operations of train wreckers it will station a man as guard every quarter of a mile along its lines. Train wreckers have been at work on the Pennsylvania road for some time and desperate cases require desperate remedies. It is hoped for the public good that the first train wrecker caught at his nefarious work may be shot and killed upon the spot and inquiries therefor made after, not before, the killing.

BIDS were opened at the Navy Department today for nickel steel gun forgings for naval guns under course of manufacture. The contract which will involve about $1,600,000 is the largest of its kind ever made by this government. Identical bids for all the forgings were made by the Midvale Steel Company, and the Bethlehem Steel Company between which the contract for the most of large forgings, will probably be divided!

GOVERNOR GLENN, of North Carolina, yesterday told the Southern Education Conference, in session in Pinehurst, that the southern people considered Roosevelt the greatest ruler the world had ever seen. Gov. Glenn speaks only for himself and not for the southern people, who entertain no such sentiment. Gov. Glenn must want something from the administration.

THE Weather Bureau has every assurance that there has been so far little or no damage to fruit and crops throughout the country by the unusual weather conditions of the last few days. This will be gratifying information to the people throughout the country who only hope that the Weather Bureau's prediction may prove correct.

THE Minnesota House of Representatives yesterday with a rising vote, which the speaker announced was "nearly unanimous," passed concurrent resolutions indorsing President Roosevelt for a third term. It is beginning to look like the "rich man's conspiracy" is being worked for all it is worth.

IT now appears that the presidential election in Cuba will not take place for a year, and that American troops will hardly leave the island before January, 1909. Cuba Libre it seems is still a long way off.

Washington, April 10.

The interests of more than a million railway employes are involved in a case argued in the U. S. Supreme Court today. The constitutionality of the act of Congress making interstate carriers responsible for injuries to employes caused by the negligence of fellow employes, hangs in the balance. The case is a damage suit against the Illinois Central and the Yazoo and Mississippi Valley railroad companies. It comes up on error from the eastern district of Tennessee, where Judge McCall held the law was unconstitutional. The plaintiff, a colored woman named Howard, who was trying to recover for the death of her husband, a fireman, was helped until the case came to the attention of President Roosevelt a few months ago. Attorney General Bonaparte will address the court tomorrow. William R. Harr, special assistant to the Attorney General, in his opening argument for the government today pointed to the safety appliance, hours of service, employers' liability laws and the congressional investigation into the block signal system as being on all fours constitutionally.

Philip Brown, secretary of the American legation to Guatemala and Honduras, who went down to Amapala where President Bonilla, of Honduras, is reported besiged by the Nicaraguan forces, reported to the State Department today that acting on the request of the President of Salvador he is endeavoring to bring about a cessation of hostilities. He gave no details as to the character of the peace negotiations upon which he is engaged, but in view of the fact that the main objective of the Nicaraguans is to capture President Bonilla it is supposed that besides trying to end the bombardment and investment of Amapala he is also endeavoring to secure some sort of pledges regarding Bonilla's safety. While it is unusual for a foreign diplomatic officer to enter into negotiations in behalf of a country to which he is not accredited, Mr. Brown's efforts are approved by the department and will be especially welcome if they help in bringing about peace.

Prelates of the Roman Catholic Church are in Washington for a series of conferences connected with the institutions of that church. Today the board of trustees of the Catholic University held a meeting, Cardinal Gibbons presiding. Tomorrow there will be a meeting of the hierarchy of the church, at which nearly all arch-bishops in the country will be present. The great condition of the church in America will be considered. Among other things, the question will be taken up for increasing Peter's Pence, so as to make this annual contribution reach 1,000,000. It is understood that the Vatican has expressed a desire that this be done.

The Secretary of the Navy has been notified by the Comptroller of the Treasury that payments made to State quarantine officers are illegal. The question was presented by the inspection of the battleship Iowa by Quarantine Officer Cressy, of Virginia, and the collection of a fee of $7 from Paymaster Spear. The Comptroller maintaines that the States are without jurisdiction to pass and enforce laws interfering with the agencies of the federal government, either under the guise of taxation or in the enforcement of the police powers.

W. D. Crum, collector of customs at Charleston, S. C., the negro whose confirmation Senator Tillman fought through several sessions of Congress will not be premitted to draw a commission for disbursing $2,500 appropriated for repairs of public buildings at that place. He was made a special disbursing officer by the Treasury Department for that purpose, and thought he was entitled to some perquisites. The Comptroller of the Treasury has turned him down.

M. P. CONFERENCE.

A stir was caused in the Maryland Annual Conference of the Methodist Protestant Church, in session at the Rhode Island Avenue Methodist Protestant Church, in Washington, last evening, when the request of Rev. G. L. Wolfe, of Wilmington, N. C., that he be allowed to withdraw his name as a member of that church, and from that of the conference as well, was made. The announcement was followed by considerable discussion, many being opposed to the withdrawal, while others favored it. The question was left to a committee, which will take the matter under advisement for further consideration.

The conference put itself on record as being strongly in favor of advancing the pay of the ministers.

The conference adjourned to meet next year, early in April, at Snow Hill, Md.

Among the appointments made were the following:—Alexandria, G. I. Humphreys; Fairfax, to be supplied; Georgetown, D. C., T. O. Crouse; Harpers Ferry, J. H. S. Telegraph wires were also down, and not until yesterday evening was communication with the outside world restored. On many country roads, telephone poles were blown down, and wires are strewn along the roadways in great confusion.

Jerome's Summing Up.

New York, April 10.—Harry Thaw today faced the worst ordeal of all this long trial when District Attorney Jerome began his summing up in the noted case.

It was known that Jerome would repay Delmas' attack on Stanford White and Mrs. Holman, Evelyn's mother, with interest in his arraignment of Thaw.

Jerome began his speech at 11:40. "We seem," he said, "to have been wandering through a field of romance for two days. No matter how fine the orator, we must not be swayed by what we desire, but we must remember what the safety of the State and the safety of us all demands. The important issue is of man's life condition determined by Biblical quotations. Thaw's pleaders nor himself was in issue. This is no civil suit. It is not a quarrel between Stanford White's executors and Harry Thaw. It is not a trial to determine whether Stanford White assaulted Evelyn Nesbit. It is an issue between the State and Harry Thaw. It is an issue to uphold the safety and right of the State. We must decide this case on the evidence. Upon this evidence given under the sanctity of an oath on which you must render your verdict, and I will endeavor to show you that the evidence shows that what this defendant did was not justifiable. That in what he did, this defendant disobeyed the law, and must answer to the law for it."

Jerome then proceeded to cite the law bearing on murder cases. Jerome subsequently made an appeal to the jurors not to allow their sympathies to affect their verdict. Incidentally, he took a slap at Delmas for injecting his plea for sympathy.

"As to this dementia Americana," he said, "which prevails from the Canadian line to the Gulf of Mexico—and mostly on the Gulf of Mexico—does it wait three years and glare at its enemy and then kill? Does this dementia Americana flaunt the woman it kills for two long years through the capitals of Europe and then kill? Dementia Americana never hides behind the skirts of a woman; dementia Americana never puts a woman on the stand to lay bare her shame to protect it; no woman could in the category where dementia Americana prevails."

Jerome later gave a dramatic description of the killing of White by Thaw and all the details leading up to the murder.

Jerome plunged into a severe attack on Evelyn and incidentally built up in his speech for White the defense he could not offer in taking the evidence. He sneered at Evelyn's story of her ruin by White, sarcastically referred to Evelyn as "the angel child," and tore to pieces her whole story of wrong at White's hand. "This ravisher," said Delmas, in referring to White and the improbability of Evelyn's charge against him, said: "This ravisher, who stripped her and robbed her of her virginity. And always it was involuntary—always it was ravishment—even that time when the man coming into the tower theatre saw her undressing, getting ready to be ravished." I submit that this girl does not tell the truth—this girl whose testimany show that every relation with White was involuntary, when she undressed to prepare for it."

At one o'clock an adjournment was taken until two o'clock.

After the recess Jerome resumed his argument.

Belmont on Roosevelt.

Washington, D. C., April 10.—Mr Perry Belmont, former member of Congress from New York, also head of the national organization which is seeking the enactment of laws to compel the publication of all political campaign contributions, today discussed President Roosevelt in an authorized interview. He said: "In parts of the United States remote from the capital and in foreign countries especially, an impression prevails that there is in Washington a physicial and intellectual giant, commanding our army and navy, presiding over the administration of justice, giving advice, admonition and reproof of judges, threatening and controlling the great railroad systems, and, in his leisure moments, becoming an arbiter of peace and war, and determining the destinies of nations.

"In reality, and on closer inspection, 'The Big Stick' as applied to domestic affairs, is a very ordinary weapon, long used by every President who has had the skill of every politician. But never has patronage, which is the 'Big Stick' for home use, been more selfishly and vindictively applied them at present. Never have the personal appointments of the executive been made with such reckless exhibition of favoritism, affecting so injuriously the army and navy and other branches of the public service. The appointments in the diplomatic service, especially, are conspicuous proofs of the exigencies of the President's personal and political relations to the State of New York.

"It may be that political complications and commercial and corporate rivalries make it difficult to clear the atmosphere of the false and exaggerated views of the personal attributes of Mr. Roosevelt by a truthful representation of him. But in the States of Ohio, Illinois, Indiana and Iowa, the political center of the United States where public men are judged by level headed, sound, common-sense, and by American standards, a better understanding of Mr. Roosevelt's actual measurements is sure to be reached. It is thoroughly known in Washington, and while it has not been heretofore considered essential to the public welfare that the apparent innocent exaggerations in regard to him should be exploded, it now seems necessary that the people elsewhere should be brought to the knowledge of the facts, such as is possessed by those at the national capital who are in a position to see and judge for themselves."

Conditions in Roumania.

Bucharest, April 10.—The severe repressive measures resorted to by the government to crush the recent agrarian uprising has caused the landlords to take the stand they have. It is believed that doing the fighting that has taken place, fully 10,000 peasants were killed and 15,000 arrested. Many of these prisoners have been shot since for the part they took in the uprisings.

Encouraged by the protection afforded them by the government, the land-owners have refused absolutely to allow local prefects to modify leases.

King Charles is strongly in favor of agrarian reforms which will better the conditions of the peasants, but the government is practically helpless against the rich influential landlords. As the Roumania parliament is dominated by the landed gentry, there is slight prospect of legislative interference.

Bank Failures.

Philadelphia, April 10.—The Lincoln Savings and Trust Company, closed its doors this morning. The institution had a capital of $132,000 and deposits of about $300,000. John J. Announcement from the officials of the institution this afternoon is that all creditors will be paid in full. The company was organized about ten years ago with a capital of $500,000 of which $182 000 was paid and has deposits of $250,000. Poor investments are blamed for the suspension.

Killed by a Filipino.

Manila, April 10.—The action of the civil courts here in condemning to imprisonment an American soldier who killed two Filipinos while he was on sentry duty today cost the life of another soldier. Private Swan, of the First Infantry, is the victim. He was murdered by a native thief while on sentry duty in Samar. Swan had ample opportunity to defend himself against the thief, but remembering the fate of Homer Grafton, who is now under sentence of twelve years imprisonment, he refrained from shooting. His anxiety to avoid trouble cost him his life.

Jumped from Burning Building.

Exeter, N. H. April 10.—Thirty-five of the youngest students at Phillips Exeter Academy jumped in their night clothes into the snow and sleet early today to escape the flames that destroyed Dunbar Hall, the school's oldest dormitory. Prof. L. M. Crosby was severely burned and several students were badly bruised and shaken up by leaping. The fire loss will reach $50,000. A roll-call of the dormitory students taken today shows that no lives were lost. A defective electric light wire may have caused the fire.

Heavy Fines.

New York, April 10.—After pleas of guilty of printing obscene matter and sending it through the mails, made today, fines amounting to $16,000 were assessed against James Gordon Bennett and the New York Herald Company. The fines of $1,000 against M. W. Gillam, manager of the Herald, $5,000 against the Herald corporation, and $10,000 against James Gordon Bennett, were paid in the court room. The case was the outgrowth of the famous "personal" or "red light" column which was a feature of the Herald for years.

Destructive Fire.

Chicago, April 10.—Fire starting on the third floor of the six story building at Market and Madison streets, early today, partially destroyed the building and caused damage of $350,000. Several firemen were injured by being thrown from their apparatus in a collision with a street car as they were making the run to the fire. The building was occupied by Hollister Brothers, printing company. The Evening Journal building, south of the Hollister building, was endangered.

"He wronged my sister, and I had a right to shoot him," Decimon told the police, when arrested.

Killed at a Fire.

Lisbon, April 10.—Twenty-five persons were killed and scores hurt in a destructive fire which occurred today in the central market district. Many of the victims are women and children.

All of the sessions of the board were executive, a mere statement of the facts being given out by the board after adjournment. No other matters were taken up at that time. It is not known whether or not the board will take any action in regard to the library assistants, as has been suggested although it is likely they will not in view of this latest development.

The Alaska Packers Association give the heartiest support to the Pure Food Laws, as it guarantee their products to meet all the requirements.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists, 50c.

City Council.

Considerable business was transacted at the meeting of the City Council last night. Most of the matters disposed of were in the nature of measures for street improvements. An ordinance was adopted providing for the laying of a vitrified brick pavement on Cameron street, between Royal and Fairfax streets. Ordinances were adopted directing the Washington-Southern Railway Company and the Washington, Alexandria, and Mount Vernon Railway Company to make certain changes in connection with their respective tracks lying on and crossing upper King street, to accord with the proposed extension of the modern pavement from Fayette street to the corporation line.

BOARD OF ALDERMEN.

Vice President Curtin presided in the Board of Aldermen in the absence of President Sweeney.

Mr. Marbury called up an ordinance directing the electric railway company to place grooved rails on King street from Fayette to Peyton and to pave between their tracks and two feet on each side of the same with vitrified brick. The ordinance passed the Common Council last July. It was read the second and third times and passed by a unanimous vote.

The license law and the appropriation bill for the coming year were presented by Mr. W. H. Sweeney and referred to the finance committee.

Petitions of Mr. Charles O. Pulman for permission to make certain improvements to wooden buildings, and of Miss Roxbury for reshingling the roof of her house were properly disposed of.

The report of the committee on streets recommending an appropriation of $1,500 for extension of the Washington street sewer from Wilkes to Gibbon street, and an ordinance providing for the paving of Cameron street from Royal to Fairfax, were received from the Common Council and laid over under the rules.

Mr. W. H. Sweeney, from the finance committee, submitted an adverse report on a petition from A. J. Wedderburn for aid in a publication on the city of Alexandria, and the report was adopted.

A resolution appropriating $500 to purchase 5,000 copies of "Wedderburn's History of Alexandria," provided the finance committee shall have approved the same, was received from the Common Council.

Mr. Hill favored a concurrence with the lower board. He believed the purchase of the books and their sale would reimburse the city, while it would advertise Alexandria and bring visitors to the city during the Jamestown Exposition. Besides, the book could be stereotyped and the plates kept for future use. The publication would abound in illustrations.

Mr. Brill also favored a concurrence, and spoke on similar lines.

Mr. Simpson said, according to his interpretation of the wording of the resolution, the $500 would not be available until the finance committee approved the publication. There might, however, be some doubt as to the meaning of the action of the Common Council, and the proper procedure would be to refer the resolution to a committee.

Mr. W. H. Sweeney also thought the matter should be made clear, and suggested that the finance committee would be placed in an undesirable position by compelling it to pass upon the merits of the proposed publication. He thought the resolution should be referred to a committee of conference.

Mr. Ballenger thought likewise.

Mr. Curtin said the resolution appealed to him as it did to Mr. Simpson. The money would not be available until the finance committee passed judgment on the publication.

Mr. Hill moved to concur, and upon a vote being taken Messrs. Hill, Brill, Marbury and Ballenger voted aye, and Messrs. Simpson and W. H. Sweeney no.

The chair announced that the Aldermen had concurred in the action of the Common Council, but it was subsequently shown that six votes would be required under the law, hence the resolution was lost.

The Aldermen concurred with the action of the Common Council on all the other papers sent in.

COMMON COUNCIL.

The board was called to order at 8 o'clock, Vice President Uhler in the chair, but the President appeared a few minutes later and took the chair.

A communication from Fred. J. Paff, Mayor, was received, enclosing an ordinance to grant to the corporation hereinafter to be named, its successors or assigns, the right to construct, maintain and operate a street railway on certain streets of the city under the name of "The Alexandria and Washington Electric Railway Company."

The mayor stated that the petition has been handed him by Mr. C. J. Rixey, of this city, on behalf of Holmes Jones, of the Cannadian Amusement Co, and defining the rights, duties and privileges of that corporation. Mayor Paff also recommended that the captain of the chain gang be made sanitary officer of the city, the latter position now being vacant. A duplicate bill for $378.28, balance due the Pinkerton Detective Agency concerning the Curtin murder case, was also enclosed, which the Mayor asked to have acted upon.

The ordinance providing for the grant was referred to the joint committee on streets and general laws and the bill of the agency to the finance committee.

The committee on streets submitted an ordinance directing the Washington Southern Railway Company to take up its present rails at the intersection of Fayette and King streets and lay grooved rails under the supervision of the City Engineer, and to pave with vitrified brick between the tracks and two feet on each side thereof, the brick to be placed on a six inch concrete base. The ordinance was passed by a unanimous vote.

The committee on streets reported on a petition of the property owners on Washington street for a sewer on that street from Wilkes to Gibbon, with the recommendation that $1,500 be appropriated to lay the sewer within 100 feet of Franklin street. The report was adopted.

The committee on streets reported favorably on an ordinance providing for the grading, curbing and paving with vitrified brick of Cameron street, from Royal to Fairfax, and recommending that an appropriation of $3,900 be made for the work, providing the property owners pay their pro rata of the cost. The report was unanimously adopted.

A communication was received from Adolph Luria, president of the Ideal Hospital Bed Company, of Chicago, enclosing a bid for the grant of certain land near the old canal to that company. The bid provides for an annual rental of $25, the company reserving the right to purchase the land within fifteen years for the sum of $1,500. The company is to erect a factory to cost not less that $25,000 and to employ 50 people. The bill was referred to the committees on public property and finance.

Wedderburn to place on sale at the Jamestown Exposition, in lieu of an exhibit from this city, a book setting forth the advantages of Alexandria, provided the City Council would guarantee him from financial loss to the extent of $975. The committee's report was adopted.

The chair said that Mr. Wedderburn had informed him that he would get out the book if the city would pay him $500 for 5,000 copies for distribution at the exposition. Mr. Leadbeater expressed the opinion that it would be $500 well expended.

The annual appropriation bill for the year commencing June 1, 1907, and ending May 1, 1908, was read and referred to the committee on finance, as was also the license law for the same year. But few changes are made in those bills.

The application of Miss Roxbury to reshingle house No 1007 Prince street, was granted, providing the adjoining property owners did not object.

Mr. C. O. Pulman asked permission to build a shed in the rear of house No. 906 Duke street which was granted, but his application to erect two frame houses in the court bounded by Duke, Columbus, Prince and Alfred streets was refused.

A resolution appropriating $600 to gravel Franklin street from Washington to Alfred street was referred to the committee on streets.

Mr. Spinks offered a resolution appropriating $500 to purchase 5,000 copies of A. J. Wedderburn's "History of Alexandria," the appropriation to meet with the approval of the committee on finance. The resolution was adopted.

A resolution to appropriate $100 to lay a pipe sewer on south Pitt street for 100 feet north of Wolfe was adopted

An ordinance appropriating $1,950 to grade, curb and pave with granite blocks Princess street from Lee to Union street was referred to the committees on streets and finance.

An ordinance appropriating $14,000 to grade, curb and pave Washington street from Queen to Wythe street was read. Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tub. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:29 a. m. and sets at 6:34 p. m. High water at 6:57 a. m. and 7:23 p. m.

Weather Probabilities.

For this section fair and slightly colder tonight. Tuesday fair, with slowly rising temperature; fresh northwesterly winds, diminishing Thursday.

Methodist Protestant Church.

Rev. G. I. Humphries has been appointed to succeed Rev. J. H. S. Ewell as pastor of the Methodist Protestant Church in this city. Rev. Mr. Ewell has been selected as pastor of the churches at Harper's Ferry and Middleway. The latter has been pastor of the Alexandria church during the past six years, and his removal from the city will be sincerely regretted by all with whom he has mingled during these years. Mild-mannered and gentle by nature, he has made life-long friends of all who have become acquainted with him. He will carry away with him the best wishes of the community. Mr. Ewell's successor is a young man, and he comes highly recommended and with credentials which insure him success in his new field.

Death of Former Resident.

John Heiston, senior member of the firm of Mayfield & Heiston, coal dealers, of Washington, died in his home, 2911 P street, at 8 o'clock yesterday morning. For thirty-five years Mr. Heiston was a prominent business man of Georgetown. He was born in Chester, Pa., his parents moving to Alexandria in his early youth at which time he was a pupil at St. John's Academy. Mr. Heiston became a resident of Washington when sixteen years old. He was a member of the official board of the Dumbarton Avenue Methodist Episcopal Church, and assistant librarian of the Sunday school. He leaves a wife and one son, Louis P. Heiston, of the Farmers and Mechanics' National Bank.

Another Lusus Naturæ.

Apropos of the statements recently made by certain citizens concerning the fecundity of fowls belonging to them which lay eggs by links and are made to multiply their output by patent nests, Mr. John Travers, living on south Henry street, comes to the front with the recital of the performance of a hen belonging to him. The fowl recently deposited what may be called a triplicate egg. The deposit was as large as a goose egg and when it was opened an egg minus shell was found in each end, while another, perfectly formed, was in the centre.

Men's Public Meeting.

The Baptist Young Men's League have about completed arrangements for the public meeting to be held at the Baptist Church on next Monday evening. The main feature of the evening's exercises will be an address by Major Richard Sylvester, of Washington. Major Sylvester is an active religious worker of Washington, being a vestryman in St. Stephen's Episcopal Church. He is an able speaker and all who have the opportunity of hearing him will have a treat. His subject will be "The Study of Men from My Point of View."

House Stoned.

Last night some disorderly young men stoned a house occupied by colored people in the southeastern portion of the city. Officer Garvey, who was in the neighborhood, ran to the scene, but the men escaped. There is again complaint of the mischievousness carried on by young men and boys on south Fairfax street, and warrants have been issued for certain ringleaders, and they will be arraigned in Police Court tomorrow morning.

Temperance Address.

Mrs. A. C. Weech will not deliver a popular lecture but will give a temperance address, subject—"Christ before Pilate," in the Baptist Church, Thursday evening at 7:30 o'clock for the benefit of the Children's Home. No admission will be charged but a collection will be taken for the home. All friends, well wishers and patrons of the home are earnestly invited to be present and assist in making the meeting a success.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow afternoon at the Children's Home on Duke street.

The regular weekly prayer meeting will not be held this week at the home on Thursday, as Mrs. Amy Weech will give a temperance lecture that night at the Baptist Church in the interest of the home. The ladies hope to have a large attendance.

Yesterday's Storm.

The storm yesterday is said to have been very severe west of this city. Many telegraph poles on the line of the Southern Railway, between this city and Charlottesville, were blown down, which impeded the operation of trains.

At Beaumont the snow was at one time about a foot deep, while the mountains were carpeted in white as during mid-winter.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Joseph Dudley, colored, arrested by Officers Jones and Bell charged with assaulting Nettie Dudley was dismissed.

John Allen and Llewellyn Lane, both colored, arrested by Officers Jones and Henderson charged with disorderly conduct and fighting, were fined $5 each.

The Fishery.

There have been but few arrivals of fish at Fishtown since yesterday, and prices are consequently high. Herring sold today at $7.50 per thousand. Roe shad are still selling in market at 60 cents each. Reports from the lower river are to the effect that fishing operations have been almost brought to a standstill by the recent unpropitious weather.

Auction Sale of Dry Goods.

Mr. Samuel H. Lunt, auctioneer, will begin the disposition by auction tomorrow morning at 10 o'clock of the stock of dry goods, &c., remaining in the store of the Goodloe Company, at the northeast corner of King and Pitt streets. The sale will continue from 10 to 12 o'clock; will be resumed at 3 p. m. and continued until 5, and will be resumed at 7 p. m. and close at 9.

Political.

The Washington correspondent of the Richmond News-Leader writes: It has been learned in Washington that Senator Thomas S. Martin, who is abroad for the benefit of Mrs. Martin's health, will return within a short time and rumor has it that he will take an active part in the Eighth district congressional race in favor of Charles C. Carlin, in return for the vigorous campaign that Mr. Carlin waged for Senator Martin two years ago when the junior Senator was being opposed by ex-Governor Montague. At that time there was no stronger Martin supporter and worker anywhere in Virginia than Mr. Carlin, and he put in some telling licks for his candidate.

The fight to secure the Rixey seat will undoubtedly warm up considerably with the return of Senator Martin and some interesting developments are looked for.

The Eighth district is composed of the counties of Alexandria, Culpeper, Fairfax, Fauquier, King George, Loudoun, Louisa, Orange, Prince William and Stafford, and has a total population of about 150,000.

It is impossible yet to say who has the lead in those counties. The five candidates now in the field—Judge Nicol, Charles C. Carlin, James C. Hooe, John F. Ryan and R. L. Gordon—are all popular and have many followers.

The News Leader correspondent has made an effort several times lately to find out what the general sentiment of the people is with respect to selecting a successor to Representative Rixey, but for the reasons given, it is almost impossible at this day to say that any particular candidate has a lead over the others.

If Senator Martin takes a hand in the fight upon his return home and helps Carlin, as it is said he will, the latter will undoubtedly gain a big lead. He has had a considerable amount of experience in politics generally within the last few years.

Governor Swanson, while not openly advocating the election of any of the five candidates in the field, is understood, like Senator Martin, to look with favor upon Mr. Carlin. The influence of the governor, though silent, will undoubtedly mean much to Mr. Carlin.

The other candidates, however, are not without strong support in the Eighth district and it must not be understood that because Senator Martin and Governor Swanson probably favor Carlin in preference to the others that the latter lack followers. Such is not the case, and many persons who have been here recently from different parts of the district are warm in their praise of some of the other men.

Between this time and the date of the primary—June 19—it is said that the coming contest in the Eighth district will develop many interesting situations, and especially upon the return of Senator Martin.

The Brotherhood of St. Andrew held an inter sting meeting last night in the Parish Hall of Christ Church. Some fine music was rendered during the evening.

The Washington-Southern Railway Company is having more trouble with the embankment at Spring Park. There have been slides of earth during the past few days.

The alarm of fire shortly after 2 o'clock this afternoon was caused by the burning of a frame building at Fishtown. The flames were extinguished before any serious damage resulted.

It was stated after the meeting of council last night that a majority of the owners of property on Columbus street from King street to Queen street have signed a petition asking for vitrified brick paving on those two squares.

In the Corporation Court today the will of the late Harrison Allen, colored, was admitted to probate and G. O. Dixon qualified as administrator, w. w. a. The deceased left his house, No 828 north Washington street, to his son, Wm. W. Allen.

A two horse team belonging to Mr. A. S. Gillingham, of Fairfax county, which had been left standing at the corner of Fairfax and Duke streets, took fright this evening and ran off. THE THAW CASE.

Delmas closed his address for the defense yesterday, having spoken 2½ hours Monday and 3½ hours Tuesday, a total of 5¾ hours. His speech was one of sustained oratorical effort. Jerome summed up for the prosecution this morning.

Stripped of its transparent thin guise, justification was the plea that Mr. Delmas made for Harry K. Thaw in the last half hour of his address to the jury yesterday afternoon. The frankness with which the California lawyer toward the close of his speech cast overboard every argument save that of justification amazed everybody who heard him.

Among other things he said: "There is a species of insanity that is known in every State of the Union—from Canada to Mexico, from the Atlantic to the Pacific. If you desire a name for this species of insanity, call it dementia Americana. That is the species of insanity which makes the American man believe his home, his wife, his daughters, are sacred, and that whosoever stains the virture of his threshold violates the highest of human laws, and must appeal to the mercy of God, if mercy there be for him anywhere in the universe.

"Stanford White thought he could play with this child * * * and in the end cast her off, like some dirty rag, to float her way down life's sewers into a pauper's grave.

"Why should we, who admire the chivalry of the knights of the middle ages, who went about redressing wrongs and rescuing maidens in distress, withhold our sympathy from this brave man?

"If Harry Thaw believed he was the agent of Providence, who will say he was mistaken?

"'Shall Jonathan die, who hath wrought this great salvation in Israel? God forbid. As the Lord liveth, there shall not be one hair of his head fall to the ground, for he hath wrought unto God this day,'" he quoted.

"I violate no law when I ask you to take the oldest of all laws—the Golden Law—the law that is at the foundation of all law—'Do unto others as you would have them do unto you.'

"Do not send this young man to death for what he did.

"I now, with all solemnity, leave in your hands the fate of Harry K. Thaw."

Justice Fitzgerald will charge the jury today or tomorrow.

The trial is now in its twelfth week.

Mrs. Sol. L. Bloomberg died yesterday evening at her home, in Richmond, aged forty-seven years. Mrs. Bloomberg was in her usual health yesterday morning, and attended the funeral of Mr. Newman Rosendorf at the Hebrew Cemetery. During the services at the grave she was taken suddenly ill and soon after being taken home died of apoplexy.

While playing yesterday little Garnett Walton, of Newport News, was struck on the head with a hoe by her brothers, and her skull fractured.

Mr. Chas. Henry Morgan died at his home at Quantico Sunday night of heart trouble, aged 74 years.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." Burial Place of St. Peter.

As a sequel to his lecture, in which he showed that the death of St. Peter took place at or near where the Vatican now stands in Rome, Professor Marucchi, the archaeologist, recently delivered another lecture in the crypt of St. Peter's, which, he pointed out, was on the very spot which once was the great villa of Nero. The fact that many pagan tombs had been found there proved that it contained a burial place, probably for the use of Nero's household.

If Peter were martyred there, he contended, it would be extremely probable that he would be interred in the tomb of one of Nero's servants, which to the Philippians proved that Christians were to be found in the household of the Emperor. This would account for the fact that no Christian cemetery grew up around the remains of St Peter, since the surrounding pagan tombs would render this impossible. Professor Marucchi quoted authorities to prove that from the early days of the second century there was a continuous and undoubted chain of witnesses and tradition which make it certain that the body of the great apostle was really to be found there.

Immorality In Boston.

That the ambitious standards of social life and the increased cost of living are responsible for the postponement of marriage, and that late marriages are answerable for a large part of the existing immorality are statements contained in the report of a committee appointed by Bishop William Lawrence at the last Episcopal Diocesan Convention to make inquiry into the prevalence of immorality in Boston and vicinity. The report will be presented at the conference of the diocese on May 1.

The report advises that young women should be told of the danger to them in marrying men who have led immoral lives, and that parents be kept informed of the company kept by their children. Responsibility is also placed upon teachers and physicians, the former for their moral example and influence, and the latter for a more thorough understanding of the results of immorality.

Referring to the church, the report says: "Clergymen should insist upon a single standard for both men and women, and urge the reformation of the social code in this respect."

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis and establish regular habits of the bowels. 25c at E. S. Leadbeater & Sons' drug store.

Bumper Wheat Crop.

That this year's wheat crop will be a bumper one, despite reports of bugs and drought, seems assured from the result of a special canvass conducted by the New York Tribune in the great grain producing states.

Kansas has the largest winter wheat acreage ever planted with the growing grain reported in perfect (100) condition. Iowa is planning for the greatest harvest ever gathered in the central west. In Nebraska the condition of winter wheat is 100, while Minnesota and South Dakota, with greatly increased acreages and the plant in unusually fine condition, seem assured of big yields.

In Indiana and Ohio, only, there may be a slight falling off in production, owing to the severe winter and heavy rains. The damage by green bugs to date seems to be confined to Texas and parts of Oklahoma.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
